Mogola Acamia Tjatji

Junior Software Developer

lindotjatji@gmail.com

0726477446 / 0614899718

PRETORIA, South Africa

An enthusiastic computer system engineering graduate, as a graduate I seek the opportunity to gain exposure and experience to develop and grow my career. I am a firm believer in developing quality software that have a lasting impact on its users and I excel in a team just as well as I do individually. My aim is to make a professional, dynamic contribution to my employer.
